

The ALKO battery grass & shrub cutter is the ideal solution for trimming shrubs and lawns. Its powerful Lithium Ion batteries have a long service life and a low spontaneous discharge. It is always ready to use and is incredibly light weighing just half a kg.

2INONE function

The grass cutter makes it easy to trim lawn edges, whereas the shrub cutter makes the job of trimming smaller shrubs, bushes and box trees almost effortless. Thanks to the quick blade change system, it is possible to swap over the blades within a matter of seconds-without any tools.

VISIBLE QUALITY

The blades are laser cut and diamond ground – for a top quality result.

WELL PROTECTED

Well protected: The padlock fitting helps to prevent from the trimmer being started inadvertently.

PURE ERGONOMICS

Ergonomically-shaped controls and the pleasant soft-grip handle make it easier to hold and allow for comfortable working.
