

Fallen leaves on grass, paths and driveways can look unsightly and become a hazard when wet. The powerful AL-KO 750B Briggs & Stratton Wheeled Vacuum moves and conveys them to a large collection bag. The 750 B is extremely stable thanks to robust 2-axle design.

**LARGE WORKING WIDTH**

The AL-KO 750B Wheeled Vacuum has a large 75cm working width and surface area, giving a huge work output and making working in large gardens easy.

**STEEL HOUSING**

The vacuum, housing, and air turbine are made from high quality powder coated steel sheet, ensuring the 750B will last.

**XXL COLLECTION BAG**

The heavy duty nylon collection bag holds a huge 200 litres. The material is easily removed by the rear zip that guarantees easy and fast emptying.
