

The HT 700 Flexible cut is AL-KO's most powerful electric hedge trimmer with improved ergonomics, including an adjustable front handle, operator fatigue is reduced. Safety is also paramount, with the patented anti-cut safety cable and safety guard protecting the high speed blades.

Performance is guaranteed by a 710W motor, powering the 650mm diamond cut blades. A neat finish to hedge tops is ensured by the innovative built in spirit level.

SOLE DISTRIBUTORS IN INDIA:

HEDGE TRIMMER

Model: HT 700

ADJUSTABLE FRONT HANDLE

The ergonomic operating controls and the adjustable handle which can be set a variety of angles enable fatigue free work, even on high hedges.

MAXIMUM SAFETY

The tool is safeguarded against unsupervised start and the patented AL-KO safety cable is protected against ever being cut.

EVERYTHING CUT STRAIGHT

The Integrated spirit level ensures that hedge-tops are always even and straight thus ensuring a perfectly horizontal cut.

CABLE STRAIN RELIEF

The cable strain relief prevents the plug being pulled out of the wall socket.

PERFECT CUT

Sustainably sharp diamond cut blades ensure a clean trim
